## *what our clients have said:*

"The results of my Silhouette facials have far surpassed my expectations. My eyes appear wider and I no longer look tired. My cheekbones and chin are more defined and wrinkles are softened. The texture of my skin has also improved considerably".

"An infusion of (Marine) Collagen plumped up my skin wonderfully and boosted the facial's effects even more. I have had many compliments"

Mrs K.P., Surrey

"I could begin to see the results after the first treatment of this 10-session course. I have seen a dramatic change in both the texture and colour of my skin, which is now smooth and plumped with an even colour. It feels and looks younger and well-nourished. I am delighted with the results, without having to undergo any surgical procedure! Each treatment has been extremely relaxing. The products used feel very luxurious on the skin and, with Debbie's expertise, the whole course has been delightful."

Mrs M.A., Surrey

"This has given me a confidence which has impacted on every area of my life. Debbie walks the extra mile every time she performs a treatment"
